**HOW THE PARTY WORKS**

Choose one of our party packages, then add on additional activities if you choose. Your party host will reserve space for you in our large, covered pavilion with balloons and a birthday sign for the time allotted. You are welcome to bring in themed paper products and your own birthday cake. All guests must do the same activity at the same time. Each guest is considered someone who does the activities and is eligible for the food and drinks, including the birthday child. To consult with a Birthday Party Planner please call us at (315) 698-0098
